

The Village of Nashville
will be picking up brush on
Monday April 8th
Monday April 15th
Monday April 22nd
Monday April 29th
ONLY

Please place brush and/or leaves you want picked up next to the curb. Spring cleanup is a service provided to help residents with yard clean up and should only consist of brush, weeds, leaves, and normal yard waste. Please separate the brush and leaves, and limit the amount put out each Monday to one truckload to allow the DPW crew time to get to all residents in one day. If you have larger amounts please contact the Village Office and arrangements can be made for you to haul it to our dump site. **April 29th will be the last day** for pickup. If you put anything out after this date you will be asked to have it removed. Thank you for your cooperation.
